andyroosa@gmail.com

Appointed: October 15, 2019
Term Expires: March 31, 2027

Andy has been on the DDA board since 2019 and Chairman since 2021. He and his family also moved to Almont in 2019 from Sterling Heights and a year later relocated his business to the old Saddlery building. Andy is a Financial Advisor and partner with Edward Jones. Prior to Edward Jones, he was Vice President for Comerica Bank for about a dozen years after spending a decade in the auto business just after finishing college at Walsh. With investing personally and professionally in Almont, his goal is to help enhance the DDA district and community area alike by utilizing his almost 30 years of experience, knowledge, and skills learned from the business world, putting it to work directly with the other business owners and DDA board to accomplish what is required to foster positive change.

First and foremost Andy is a family man. His wife Tammy is a high school teacher, they have a teenage son and daughter who attend Almont Schools where they participate in football, wrestling, basketball, equestrian, cheer, track and band. Tammy is also the leader for School Section 4H Club and Andy is President of Armada Fair Livestock Committee. The family raises livestock which is sold through the fair along with some pet goats and laying hens. You can see them regularly at various school events being that Tammy is also a member of the Almont Band Boosters along with the Athletic Boosters where she's always signing them up for something. Actually it was through Tammy's encouragement Andy decided to move his office to Almont after they witnessed through various school events the communities commitment to its children. This is also why through Andy's office they are proud to sponsor many of the various youth programs in the area. It's takes a village as the saying goes and they are proud to be a part of the Village of Almont.

Melissa Schneider is a highly accomplished individual with a strong passion for community development and public administration. With her educational background and extensive experience, she serves as a valuable board member for the Downtown Development Authority in the Village of Almont.

Melissa brings a solid foundation of knowledge to her role, holding a Bachelor's degree in Health and Safety from Oakland University. This educational background has equipped her with a deep understanding of the importance of maintaining safe and healthy communities. Building upon this foundation, Melissa further pursued her academic journey, obtaining a Master's degree in Public Administration, also from Oakland University. This advanced degree has provided her with a comprehensive understanding of the complexities of organizational management, policy development, and strategic planning.

In addition to her academic accomplishments, Melissa's dedication to serving the community is evident through her involvement with non-profit organizations. Previously, she served as a valued member of the Older Persons Commission in Rochester, Michigan, where she contributed to enhancing the quality of life for senior citizens through various programs and initiatives.

Melissa's commitment to community development extends beyond her role on the Downtown Development Authority board. She is also an active member of the Almont Park Board, where she works collaboratively with others to promote and improve the public recreational spaces within the village.

In addition to her academic and professional accomplishments, Melissa has a natural ability to collaborate and forge strong relationships with stakeholders. Her effective communication skills and innate ability to understand diverse perspectives make her an asset to the board. Melissa believes in the power of collaboration and actively seeks input from community members to ensure that their voices are heard and considered in the decision-making process.

Outside of her professional pursuits, Melissa is an active member of her community. She volunteers her time to various local organizations and is always seeking opportunities to make a difference in the lives of others. Whether it is through mentoring aspiring professionals or participating in community events, she exemplifies a true spirit of giving back.

I have been a resident in the Almont Village Community for over 15 years. I joined the board of the DDA due to my interest in the community and giving back to Almont. Our downtown is part of the heart of our village and I am looking to help improve the downtown area, community, events for our residents and visitors. The town spirit that Almont has for its community is so amazing and to be part of that is very rewarding.
